

Have you reserved your spot?

Mountain and Sea Adventures Camp

Where: Catalina Island

When: March 30-April 1

Who: Students in grades 4-12

Parents may attend too!

The beautiful island of Catalina has some of the most preserved natural history in California. Secluded coves offer incredible visibility for snorkeling, and hiking trails often avail animals such as deer, buffalo and the island fox.

MSA is located at Emerald Bay Cove which is known to be the most beautiful cove on the island and is one of the top 10 snorkeling spots in the world.

Crystal clear water hosts vast amounts of sea life found nowhere else on the island.

Each student will get a hands-on educational experience as they explore the renown Pennington Marine Science Center.

The Plankton Lab, fish aquariums, shark touch tanks, and invertebrate touch tanks are a few of the amenities that make this an unparalleled research and study center.

Cost: \$240 - Use your elective funds!

***Fill out an Elective Agreement now to start banking your funds or send in your payment by December 15th!**
