Relive a day in the 1850's during the California Gold Rush!

Relive a day in the Ol' West. As you step back in time, your students will become prospectors in an 1850's mining camp, and also meet some interesting characters.

Stake a claim, learn how to pan for gold, join a posse to bring criminals to justice, try not to get "gold fever", and have a great time learning California history. Will you strike it rich or lose it all?
