

ASIAN PACIFIC FUND

December 2009

Dear Counselor,

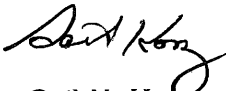

Applications for 11 scholarship programs offered by our foundation to high-school juniors and seniors are now available. Enclosed is a detailed description of the scholarships available to current seniors and a unique SAT College Prep and Admissions Counseling program available to current juniors. We appreciate your providing information about these programs to eligible students at your high school and on your school website.

Also enclosed are flyers to post at locations accessible to juniors and seniors. As you can see, we are encouraging students to visit www.scholarships.com, www.fastweb.com or www.collegetoolkit.com to facilitate their search for scholarships that fit their individual profiles. If they identify an Asian Pacific Fund scholarship program for which they are eligible, online applications are available on our website at www.asianpacificfund.org/awards/forstudents.

We hope the scholarship program description and flyers will help you in informing your students about these scholarship opportunities. If you would like an electronic copy of the description and flyers or need further information, please contact Francesca Dinglasan, Scholarship Coordinator, at (415) 433-6859 or e-mail scholarship@asianpacificfund.org.

Thank you for your assistance. We look forward to receiving applications from your students.

Regards,

Gail M. Kong
